Date Of Birth - 1998-06-17
Address - 260/5, Kachcheri Nallur Road,
Nallur, Jaffna.
Nationality - Sri Lankan Tamil
Sex - Male
Civil Status - Single
NIC Number - 981693329v

- Completed HND in Computing at E-soft metro campus 2023 -2024
- Completed BEng (Hons) Software Engineering-Top-up at E-soft metro campus
- Worked as an intern in Navicode (UI/UX,Frontend Developer, QA)

PROFILE SUMMARY

Motivated computing undergraduate with practical experience in UI/UX design, frontend development, and software testing. Completed HND in Computing and BEng (Hons) in Software Engineering. Interned at Navicode, contributing to UI design, QA, and development. Passionate about creating user-friendly solutions and growing in the tech industry.

CORE COMPETENCIES

- **UI/UX Design:** Familiar with designing intuitive and user-friendly interfaces that enhance user experience.
- **Quality Assurance (QA):** Skilled in performing full software checks, identifying bugs, and ensuring product quality and functionality.
- **Software Testing:** Basic knowledge of manual testing methodologies, test case execution, and defect reporting.
- **Attention to Detail:** Strong focus on ensuring visual and functional consistency across platforms.
- **Team Collaboration:** Comfortable working in team environments and contributing to shared project goals.
- **Problem-Solving:** Capable of analysing UI/UX issues and suggesting effective solutions.
- **Time Management:** Ability to prioritize tasks efficiently to meet project deadlines.
- **Adaptability:** Quick to learn new tools and technologies in dynamic work environments.
- **Technical Tools:** Exposure to design tools like Figma/Adobe XD and testing platforms (based on what you're using at Navi Code – can be updated).

INTERNSHIP EXPERIENCE

Navicode – Intern (UI/UX Designer | Full Stack Developer | QA)
Jan 2025 – August 2025

- Designed intuitive web and mobile interfaces using Figma with a focus on user experience and consistency.
- Built responsive front-end components with HTML, CSS, JavaScript, and React.
- Performed manual QA testing, identified bugs, and verified feature functionality.
- Participated in agile sprints, team meetings, and code reviews.
- Collaborated with designers, developers, and project leads to meet deadlines.
- Used Git/GitHub for version control and team collaboration.
